Funding and Foundation Support of Nonprofits: A Conversation with Jenny Negron '03, Program Officer, Pinkerton Foundation

MONDAY, NOVEMBER 15, 2021 • 6:30 PM

JENNY NEGRON has a unique perspective on the value of Pinkerton grants. In 1998, three days after graduating from New York's high school for pregnant and parenting teens and six weeks after the birth of her son Joel, she went to work as an "explainer" in the Science Career Ladder program at the New York Hall of Science—a longtime Pinkerton grantee. While there, she completed her BA at Queens College and went on to earn a Master's in Public Administration at Baruch College. She eventually rose to lead the 100 high school and college explainers who guide thousands of visitors through the Hall of Science each

year. Negron has presented papers and led discussions at science education conferences at home and abroad and has been recognized as a Next Generation Getty Leadership Fellow. She brought her interest and expertise in youth programs and science and technology training to Pinkerton in January of 2012.
