## **A Special Conversation with Rico Viray '79, Chairman and Global CEO of The Bloc**

**MONDAY, MAY 9, 2022 • 5:30–6:15 PM**

As chairman and global CEO, Rico drives global excellence and continued growth throughout The BlocPartners network, with a specific commercial focus on established markets (e.g., the United States, Canada, Europe, China, and Japan). Rico's strengths come from the diversity of his experience and the extent of his curiosity. Trained as a physiologist, Rico has extensive experience in clinical research, and worked as associate medical director for Pharmacia during the HIV/AIDS crisis of the 1980s. Later, at Lowe McAdams, Rico met his future partner and wife, Susan Miller. Together, in 2000 they founded The CementWorks, now known as The Bloc/The BlocPartners USA.
